NOTES

Using the circular needles in traditional way or without closing in ring shape, work the vest top-down in garter stitch and increasing for raglans shaping of chest and short sleeves. From neckline, work the stitches of 2 fronts, back and short sleeves at the same time, then at armpits bind off the stitches of the sleeves and cast-on the stitches for undersleeves and continue working the new stitches, the stitches of two fronts and back, shaping the chest.

POINTS USED

Garter stitch: knit.

Selvage: slip first stitch knit-wise.

Bind off the stitches: slip 1st st. k-wise, knit next st., pass slipped st. over knitted st., (knit next st., pass 1st st. over 2nd st. of right needle) rep. as many times as necessary.

Bar increase: across one r. on RS, work same stitch twice: i.e. k1 without dropping it, then insert the tip of right needle in the back loop of same base stitch and knit, at last drop the stitch. 1 stitch became 2 stitches.
