### Making up

Join the parts together as shown for each character:

### Details

#### All

Nose: using flesh work various stitches in the middle of the head. (photo)

Eyes: using black work two small stitches at each side of the nose. (photo)

Blusher: paint on with a pink marker pen. (photo)

#### Little Prince

Hairstyle: using mustard work loose stitches to create loops all over the head. (photo)

#### Snow White

Lips: embroider in red. (photo)

Hairstyle: sew the hair and the fringe onto the head along the row of the colour change.

Band with bow: sew the band onto the head and add the bow at one side. (photo)

#### Harry Potter

Scar: using the brick colour, make a few tiny stitches in the form of a lightning strike on one side of the forehead.

Hairstyle: cut 2" (5 cm) lengths of black yarn. Attach them onto the head stitches with the help of a crochet hook. Trim the yarn so the hair is even. (photo)

Glasses: make two circles at the end of a fine piece of black wire and fold slightly in the middle. Attach to the face with 3 stitches.

#### Little Red Riding Hood

Fringe: using brown work a few long diagonal stitches

from one side of the head towards the other side of the face.

Hairstyle: cut 3 78" (10 cm) lengths of brown yarn. Group them together to make two sections of hair and fold in half. Sew each section in the middle at each side of the head. Wrap and tie some brown yarn around them to make the pigtails.

Hood: attach to the head leaving the pigtails of hair on the outside.

#### Peter Pan

Hairstyle: using brick work long stitches from the stitches at the centre of the head outwards to create the peaks.
