

# THE COLOR EVOLUTION

## INFINITY COWL

### MATERIALS

Matera by Laines du Nord  
2 x 50grm skeins in color 04 (navy) (A)  
2 x 50grm skeins in color 01 Cream (B)  
US 10½/6.5mm circular needle. 60cm long.

**LEVEL:** Expert

### ABBREVIATIONS

K= knit  
P = purl  
sts = stitches  
cont = continue

### NOTE

This neck warmer is knitted in Double Knitting Technique. This allows you to create two layers of fabric at the same time with only one pair of needles. The right sides of each layer face out and the wrong sides face each other. The finished fabric is entirely reversible.

This Technique is worked in pairs of stitches alternating across the row. Working Cream as the main color (A) and Navy as the contrast color (B) on one side and then working Navy as the main color (A) and Cream as the contrast color (B) on the other side.

When working the Graph, Read rows from right to left. One square represents 2 stitches: the first one is knitted and the second one is purled.

We suggest to use the center and outer thread of the same ball of yarn, otherwise you have to use 4 different balls.

### INSTRUCTIONS

With both colors together cast on 120sts loosely (one of each color counts as 1 stitch).

Working in rounds work as follows:

**Round 1:** Working across row 1 of graph work as follows: As you work across the row bring both yarns to the back or front of the work depending upon whether you are about to knit or purl. You will be working only one stitch at a time but both yarns have to be on the same side of the needle. \* With both yarns at back of work, and holding B out of the way to the left use A to knit the A stitch. Bring both yarns between the needles to the front. With both yarns in front and holding A out of the way to the right use B to purl the B stitches.

Bring both yarns between the needles to the back of the work and rep from \* to end of the row.

Cont until the 26 rows of graph patt have been worked.

Cast off loosely as follows: Hold both strands of yarn as one and knit the first 2sts together.

Using the same color as the stitch knit one stitch, bind off one stitch, using the same color as the next stitch purl one stitch, bind off one stitch. Rep until there are 2sts left. Using both strands of yarn knit 2sts together. Fasten off.
