Gauge Notes

This pattern doesn't specify a gauge. It's a stuffed animal, and you don't need to be too picky about exact sizing. The most important thing is that you use a hook size that creates a nice looking fabric for your yarn. If you use the recommended hook size, and your fabric looks very loose (so that stuffing would show through), then you will want to use a smaller hook. Other than that, no measuring required!

Stitch into the back

All stitches in this pattern (that are worked in the round) are worked through the back loop only, unless otherwise directed. Look at picture below, and see how one loop is highlighted in black? This is the back loop, and it's what you'll stitch into. Stitching into the back loop creates ridges on the right side of the piece. For pieces worked in rows, you will stitch into the front loop only, unless otherwise directed. You can stitch into both loops if you desire, but this

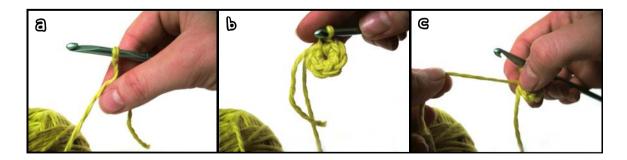

will change the look of the final product.

Starting out: the sloppy slip knot

Most pieces in this pattern (as they are based on circles) begin with stitching six times into one loop. I recommend the 'sloppy slip knot' to avoid creating a hole in the center. To do this, twist the yarn around the hook to begin (a), and crochet as directed. Once you have completed your first round (b), pull on the tail, while holding the work you have created (c). The center hole will close right up!

Fasten off with long tail

What does this mean? It just means that when you are ending a piece, to leave a lot (about 6-9 inches) of extra yarn, as pictured. This will be used to attach this piece to another piece. To attach your piece to another, just thread the long tail through a tapestry needle, and stitch to the second piece.

Attaching Parts Together

In this pattern, you will be instructed to attach two pieces together, usually attaching a smaller part (such as a leg) onto a larger part (like a body). The small part will have a row of stitches at the opening, and a long tail. Thread a tapestry needle with the long tail. Put the small part where it should go along the body, and pick up a stitch on the body. Keep going (one stitch on small part, one stitch on the body), until you have fully attached the part. When you are done, tie a knot to fasten off. Use the tapestry needle to pull the knot inside, so you don't have any loose ends sticking out. Read **this blog post** for more tips on attaching limbs easily!

Remove hook, but do not fasten off yarn. Now you're going to attach the features... which is easiest to do before the opening gets any smaller!

Flatten the ear, and whipstitch along the top (to close it up). This is optional, but I find it very helpful!

Now, fold the ear in half, and attach to the body (at round 10) so that the opening of the fold faces forward. Repeat for the second ear.

Attach the eye circle to rounds 8-14. To do so, insert post between desired stitches, and press washer onto back post to secure. One eye should be positioned in the center of the eye circle, with the other placed on the body, as pictured.

Attach the mouth below the eyes. To get the oval shape of the mouth that's pictured, just stretch the mouth into the desired shape! I attached the mouth to rounds at rounds 14-19, but your placement may vary depending on how 'oval' you make the mouth.

Stuff one arm, and attach to the side of the body at rounds 16-19. Repeat for the second arm.

Stuff one leg, and attach rounds 24-25. Positioning the legs towards the front of your monster (under the eyes) will help your monster sit up more nicely than if you position the legs under the arms (at the sides). Repeat for the second leg.

At this point, stuff the body.

Now, we'll continue crocheting!

Round 28: *Sc2tog, sc in next 5 sts. Repeat from * 5 times. (36)

Round 29: *Sc2tog, sc in next 4 sts. Repeat from * 5 times. (30)

Round 30: *Sc2tog, sc in next 3 sts. Repeat from * 5 times. (24)

Round 31: * Sc2tog, sc in next 2 sts. Repeat from * 5 times. (18)

Round 32: * Sc2tog, sc in next st. Repeat from * 5 times. (12)

Poke in a little more stuffing.

Round 33: * Sc2tog. Repeat from * 5 times. (6)

Round 34: Sc next and fourth st together. (1)

Fasten off, pulling knot towards center.

Here's how he looks!

He's cute as he is, right?
If you'd like to add his cutie teeth, just cut
3 small half-circles of felt and attach with
craft glue.
