

# Tee Rag Scarf

# Tee Rag Scarf

## Finished Measurements

Approximately 8in x 60in.

## Materials

1 spool of Euro Yarns' Tee Rag.

## Gauge

Irrelevant for this project.

## Credits

Garment design and photography by Karen Klein.

### Note!

Always make knots using groups of two ends of yarn.

Always use square knot (knotting left over right, right over left).

Always place knots approximately 2" apart.

### Instructions

Cut 12 ends, each 140 inches.

**Row 1:** Knot together across first row in groups of two, using a square knot leaving 6 inches fringe. This will create the first row consisting of 3 knots total.

**Row 2:** Now knot together the interior two strands of each knot from the previous row (you will skip the first two and last two strands.) This will create a second row of 2 knots total. *See illustration.*

Repeat rows 1 & 2, alternating between 3 knots per row followed by 2 knots per row. End after row 2.

Cut remaining ends to create 6in fringe. Tighten knits throughout scarf and block finished scarf by lightly stretching in all directions.
