Instructions

With US 4, cast on 2 sts.
Knit 14 rows of garter st. Pick up 14 sts across edge and two sts from co (16 sts)

NOTE: The first 2 sts of every row will be knit and the last 2 sts of every row will get slipped with the yarn in the front. This makes our neat little edge on the sides. This happens on every row. It is not shown on the charts, but you will maintain these edge stitches throughout. The stitches outlined in red are repeated 3 times, and then the final section is worked once. Remember: if you are working from the chart, to knit first two stitches and slip last two sts with yarn in front!

Body

Repeat section in red 6 times across and then complete final section of sts. Place marker before the M1p on row 29. This marks your increases. You will increase on both sides of this stitch every 8 rows as shown in chart. As the purls are added, you want to keep this center stitch marked to indicate where to place your m1ps.

Repeat rows 37- 44, 8 more times. (181sts)

Important: Be mindful of the additional purls added each time through. They are always p on the right side and k on the wrong side. You can place additional markers around the 9 st Tree design so it is easy to see where the increas sections are. The markers in the center of the increase sections are where the m1 always land. This will be clear as you knit.

While maintaining edge stitches as established, increase 21 sts across row evenly by k2(edge), (k8, m1) 21 times across row, knit the last 9 sts, sl2yf. (198+4 edge sts)

Switch to US 6 needle.
While maintaining edge stitches as established, knit 10 rows for garter stitch break between shawl and edging.

Finishing

Bind off with 4mm crochet hook as follows:

Insert hook into first two sts together, wrap yarn around hook and pull through those two sts.

Chain 5, insert hook into next two sts, wrap yarn around hook and pull through the two sts, wrap yarn around hook and pull through the two remaining loops on hook.
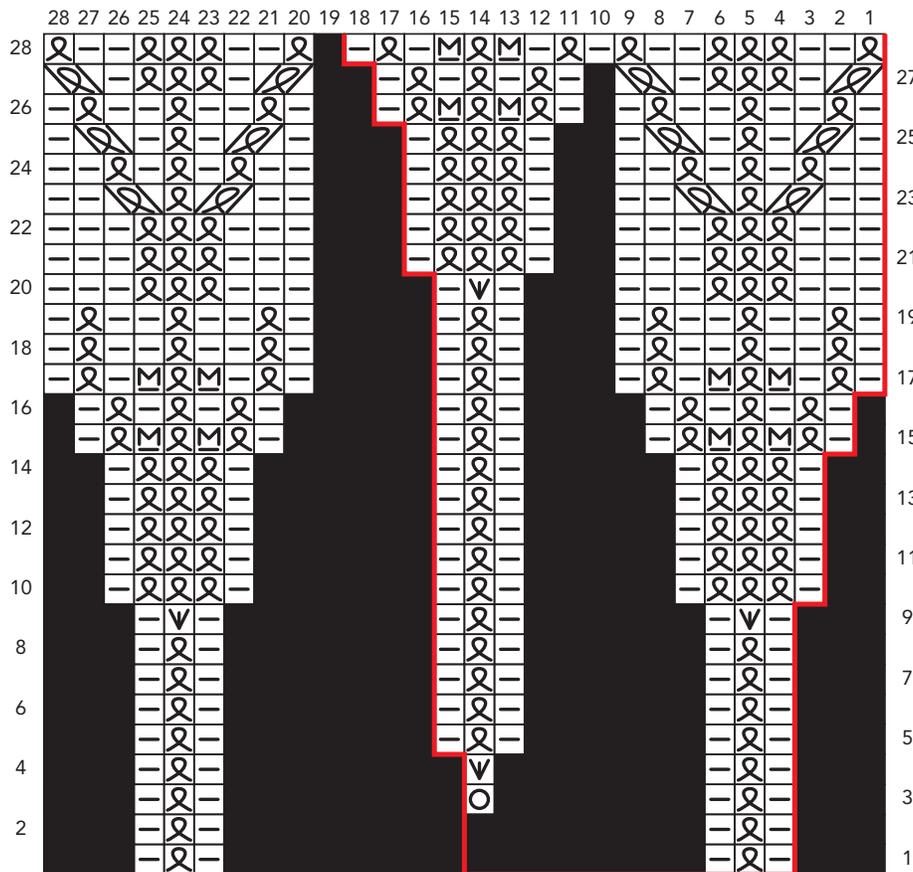

Repeat from ** to ** all the way to the end of the row.

One loop should be remaining on hook at the end, cut yarn and pull tail through the last loop.

Weave in all tails securely.

Block aggressively by wetting thoroughly, squeeze out excess water and pin shawl to desired dimensions.

Move pins farther out after first pinning.
